

BULLETIN #6

05 October 2015

**2015 ParaVolley Europe
Sitting Volleyball Championship Men**

**30 September – 08 October
Warendorf, Germany**

Athletes Commission meeting

All athletes are invited to a meeting at 19.30 on Monday 5 October in the Raum Warendorf (in the same building as the restaurant and Time Out) to discuss and choose two men athletes to be members of the ParaVolley Europe Athletes Commission.

The Athletes Commission has these responsibilities in the ParaVolley Europe regulations:

1. The Athletes Commission shall protect the interests of the athletes. It advises the Board on the use of resources to support the athletes in training and competition, and in the development of strategy for ParaVolley Europe.
2. There shall be three members of the Commission, elected by the athletes in the year before the Paralympic Games. [Because we have separate championships for men and women in 2015, the athletes will choose two men and two women.] The members hold office for four years.
3. The members shall elect one of their number to chair the Commission, and shall decide which one of them represents the athletes in the Sport, Development, and Marketing Departments.
4. The Athletes Commission communicates with the Board through the Vice-President.

It is important that members of the Athletes Commission understand English, since the work of the Commission will take place by email, Skype, and other electronic means of communication.

If you have any questions before the meeting, please speak to Steve Walton (GBR), the current Vice-President of ParaVolley Europe

Dear participating teams!

During the week ParaVolley Europe is going to discuss with each nation personally about the development of sitting volleyball. We wish to hear your ideas and hope you can share your experiences and knowledge with us in order to develop our sport further and make it more fascinating among young people, beginners and other partners. Please read the following information and you will get the idea what we are working on.

Introduction to Small Sided Games

ParaVolley Europe (PVE) and VolleySLIDE (VS) are in discussions with World ParaVolley about the implementation of a small sided game to be used for low level competitions to aid the development of new Sitting Volleyball players. It is planned that this small sided game will be of particular use for junior athletes (15 to 21 years of age).

The long term plan is to develop a full pathway of modified games so that younger players can move through the various formats ending up in the 6 v 6 game with a full range of the required technical skills.

To confirm, the concept and motive behind the use of small sided games is a reduced number of players = a higher number of ball contacts, and consequently learning opportunities.

With this questionnaire we hope to learn what formats (smaller than the traditional 6 v 6) you are using or you would prefer to use within your country, both for training and competition.

We thank you in advance for your assistance with this, but as you can understand it is to everyone's advantage to have a standard approach across the whole world.

According to information that we will collect from the participating nations of the men's and women's European Championships in 2015 we will write a summary which will be published on the PVE and VS website in the end of 2015.

Thank you very much for your cooperation.
